

Hot Stuff

so hot.....it's cool

The Name:

Like our music - it speaks for itself.

The Band:

Now taking the party circuit by storm, Hot Stuff was formed in 2005 by a group of young but experienced musicians who decided the time was right for a bright new star to appear in the party band heaven.

The vision was to create a band that's young, energetic and with a passion for music that would ensure it would stand out from its competitors. The band members have performed all around the world at the most prestigious venues and Hot Stuff has continued this trend by appearing at major hotels and banqueting venues in London's west end and throughout the UK and beyond.

The band's standard line-up is a ten piece including a full brass and vocal complement, however for smaller, intimate venues they perform as a more compact unit but with no compromise on the quality of the music.

The Look:

A sharp look, in designer suits, the guys from Hot Stuff look suave and sophisticated. The girls perform in wide range of costumes from their extensive wardrobe, covering every option from exquisite ball gowns to more racy outfits for late night revels. The stage picture is made complete with superb state of the art sound and lighting.

The Aim:

To deliver a dynamic stage show with superb music to make every party a memorable event which will live in the minds of the guests for a long, long time. We work with clients and party organisers to create an exciting atmosphere for every event.

The Music:

A vast selection of timeless classics combined with the latest chart hits, tailored to suit each occasion. The Set covers all the bases from Rock & Roll, Pop, Disco and Soul through to Reggae, Hip Hop and Funk!

"Now that the dust has settled from the wedding we are delighted to tell you that you were fantastic. My friend said that she would get married in a bin liner so long as she could have you play at the wedding!!! It was so important to me that we had a good band as we all like a good dance and you certainly did a wonderful job. Please pass on my thanks to all the band members and crew, you really made our night and I would be happy to recommend you to anyone who needs a band for an event. Jo. X"
